### 1. NATURE OF OPERATIONS

Drone Delivery Canada Corp. (the “Company”) was incorporated under the Business Corporations Act (British Columbia) on February 2, 2011. The Company is a developmental technology company with a focus on designing, developing and implementing a commercially viable drone delivery system within the Canadian geography. The Company’s principal office is located at 6221 Highway 7, Unit 6, Vaughan, Ontario L4H 0K8.

As at June 30, 2022, the Company had cash and cash equivalents of \$20,918,142 (December 31, 2021 - \$27,674,955) and working capital of \$20,079,846 (December 31, 2021 - \$26,631,913). Management of the Company believes that it has sufficient funds to pay its ongoing administrative expenses and its liabilities for the ensuing twelve months as they normally fall due.

The Company’s Common Shares are listed for trading on the TSXV under the symbol “FLT” and the Frankfurt Stock Exchange under the symbol “A2AMGZ” and are quoted on the OTCQX Venture Market in the United States under the symbol “TAKOF”.

#### **COVID-19**

On March 11, 2020, the World Health Organization declared COVID-19 a pandemic. Federal, provincial, and local authorities in Canada, the United States, and other nations continue to restrict the ability of people to leave their homes and carry out normal day-day activities. These measures could have a significant, negative effect on the economy of all nations for an uncertain period of time. The duration and impact of COVID-19 is unknown at this time and it is not possible to reliably estimate the impact that the length and severity of these developments will have on the financial results and conditions of the Company in future periods.

### 2. BASIS OF PREPARATION

#### **Statement of Compliance**

These condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34, Interim Financial Reporting, and on a basis consistent with the accounting policies disclosed in the Company’s annual audited consolidated financial statements for the year ended December 31, 2021. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by IASB and interpretations issued by IFRIC. These condensed interim consolidated financial statements should be read in conjunction with the Company’s audited financial statements for the year ended December 31, 2021.

These condensed interim consolidated financial statements of the Company were approved by the Board of Directors on August 22, 2022.

#### **Basis of Presentation**

#### 8. RIGHT-OF-USE ASSETS (continued)

Not included in the right of use assets are lease extensions for four facilities in Ontario, consisting of a five-year lease extension for the Company's head office, a one-year lease extension for a second office, and two-year lease extensions for its test range and new commercialization centre. The lease extensions are available to the Company should it choose to exercise its option at amount that is prevailing in the market at the time of renewal. During the six months ended June 30, 2022, The Company signed a one-year lease extension for its second facility in Vaughan, resulting in an addition to right-of-use-asst of \$32,228.

#### 9. LEASE OBLIGATIONS

At the commencement date of the leases, the lease liability was measured at the present value of the lease payments that were not paid at that date. The lease payments are discounted using an interest rate of 10%, which is the Company's incremental borrowing rate. The continuity of the lease liabilities are presented in the table below:

Balance, December 31, 2020	\$ 484,137

### 10. CAPITAL STOCK

#### (a) AUTHORIZED

The following table reflects issued and outstanding shares by class as at June 30, 2022:

	June 30, 2022	December 31, 2021
Number of variable voting shares	46,562,628	-
Number of common voting shares	177,636,384	-
Number of common shares	-	224,199,012
<b>Total issued and outstanding shares</b>	<b>224,199,012</b>	<b>224,199,012</b>

On June 15, 2022, the Company filed an amendment of its notice of articles in order to implement a variable voting system by creating two new classes of shares, variable voting shares and common voting shares. The amendments to the articles of the Company ensure that the Company will continue to meet the Canadian ownership requirements under the Canadian Transportation Agency ("CTA") under section 61 of the Act. The amendments were approved by shareholders of the Company at its annual general and special meeting held on May 11, 2022. The previously issued common shares were cancelled and substituted for the new variable voting shares and common voting shares.

As at June 30, 2022, the shares issuable by the Company consist of an unlimited number of variable voting shares and an unlimited number of common voting shares. The two classes of shares are without par value and have equivalent rights as shareholders except for voting rights.

A common voting share will be automatically converted into one variable voting share, without any further act of the Company or the holder, if such common voting share is or becomes beneficially owned or controlled, directly or indirectly, otherwise than by way of a security only, by a person who is not a Canadian within the meaning of the CTA. Each issued and outstanding variable voting share will be automatically converted into one common voting share, without any further act on the part of the Company or the holder, if (a) such variable voting share becomes held, beneficially owned and controlled, directly or indirectly, otherwise than by way of security only, by a Canadian within the meaning of the CTA, or (b) the provisions contained in the CTA relating to foreign ownership restrictions are repealed and not replaced with other similar provisions.

Variable voting shares carry one vote per variable voting share held, unless any of the thresholds set forth below would otherwise be surpassed at any time, in which case the vote attached to a variable voting share will decrease as described below.

#### *Single Non-Canadian Holder*

If at any time:

- (a) a single non-Canadian holder of variable voting shares, either individually or in affiliation with any other person, holds a number of variable voting shares outstanding that, as a percentage of the total number of all voting shares outstanding, exceeds 25% or
- (b) the total number of votes that would be cast by or on behalf of a single non-Canadian holder, either individually or in affiliation with any other person, at any meeting would exceed 25% of the total number of votes cast at such meeting,

then the vote attached to each variable voting share held by such single non-Canadian holder, will decrease proportionately and automatically without further act or formality only to such extent that, as a result (i) the variable voting shares held by such single non-Canadian holder do not carry in the aggregate more than 25% of the aggregate votes attached to all issued and outstanding

voting shares of the Company, and (ii) the total number of votes cast by or on behalf of such single non-Canadian holder at the meeting do not exceed in the aggregate 25% of the total number of votes cast at such meeting.

##### *Non-Canadian Holder Authorized to Provide Air Service*

If at any time:

- (a) one or more non-Canadians authorized to provide an air service in any jurisdiction, collectively hold, either individually or in affiliation with any other person, a number of variable voting shares outstanding that, as a percentage of the total number of all voting shares outstanding, after the application of the automatic proportionate decrease to the votes attached to all of the variable voting shares held by any single non-Canadian holder as set out above under “Single Non-Canadian Holder” (if any, as the case may be) exceeds 25%, or
- (b) the total number of votes that would be cast by or on behalf of non-Canadian holders authorized to provide air service, after the application of the automatic proportionate decrease to the votes attached to all of the variable voting shares held by any single non-Canadian holder as set out above under “Single Non-Canadian Holder” (if any, as the case may be), exceed 25% of the total number of votes cast at such meeting,

then the vote attached to each variable voting share held by all non-Canadian holders authorized to provide air service will decrease proportionately and automatically without further act or formality only to such extent that, as a result (i) the variable voting shares held by all non-Canadian holders authorized to provide air service do not carry in the aggregate more than 25% of the aggregate votes attached to all issued and outstanding voting shares of the Company, and (ii) the total number of votes cast by or on behalf of all non-Canadian holders authorized to provide air service and by persons in affiliation with any non-Canadian holders authorized to provide air service at any meeting do not exceed in the aggregate 25% of the total number of votes cast at such meeting.

##### *General – All Holders of Variable Voting Shares*

If at any time:

- (a) the number of variable voting shares outstanding as a percentage of the total number of all voting shares outstanding, after the application of the automatic proportionate decrease to the votes attached to all of the variable voting shares held by any single non-Canadian holder under “Single Non-Canadian Holder” and after the application of the automatic proportionate decrease to the votes attached to all of the variable voting shares held by non-Canadian holders authorized to provide air service as set out above under “Non-Canadian Holder Authorized to Provide Air Service” (in each case, if any, as may be required), exceeds 49% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the Board), or
- (b) the total number of votes that would be cast by or on behalf of holders of variable voting shares at any meeting would, after the application of the automatic proportionate decrease to the votes attached to all of the variable voting shares held by any single non-Canadian holder as set out above under “Single Non-Canadian Holder” and after the application of the automatic proportionate decrease to the votes attached to all of the variable voting shares held by non-Canadian holders authorized to provide air service as set out above under “Non-Canadian Holder Authorized to Provide Air Service” (in each case, if any, as may be required), exceed 49% (or any different percentage that may be prescribed by law or regulation of Canada and approved or adopted by the Board) of the total number of votes cast at such meeting,

### 13. BASIC AND DILUTED EARNINGS (LOSS) PER SHARE

Basic loss per share is computed using the weighted average number of common shares outstanding during the period. Diluted loss per share, which reflects the maximum possible dilution from the potential exercise of warrants and stock options, is the same as basic loss per share for the three and six months ended June 30, 2022 and 2021.

### 14. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT

#### Financial Instruments

The Company's financial instruments include cash and cash equivalents, trade receivables, trade and other payables, and lease obligations.

The carrying amounts shown in the statement of financial position are as follows:

	Category		June 30, 2022		December 31, 2021
Cash and cash equivalents	FVTPL	\$	20,918,142	\$	27,674,955
Trade receivables	Amortized Cost	\$	244,626	\$	24,346
Trade and other payables	Amortized Cost	\$	1,266,161	\$	1,390,285
Lease obligation	Amortized Cost	\$	335,688	\$	410,602

#### Financial Instruments

IFRS 7 establishes a fair value hierarchy for financial instruments measured at fair value that reflects the significance of inputs in making fair value measurements as follows:

Level 1 - applied to assets or liabilities for which there are quoted prices in active markets for identical assets or liabilities.

Level 2 - applies to assets or liabilities for which there are inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly such as quoted prices for similar assets or liabilities in active markets or indirectly such as quoted prices for identical assets or liabilities in markets with insufficient volume or infrequent transactions.

Level 3 - applies to assets or liabilities for which there are unobservable market data.

The carrying value of trade receivables, trade and other payables approximate their fair value due to the short-term nature of these instruments. Pursuant to IFRS 7, the fair value of cash and cash equivalents is measured on a recurring basis based on Level 1 inputs.

#### Risk Management Disclosures

The Company is exposed to risks of varying degrees of significance, which could affect its ability to achieve its strategic objectives for growth. The main objectives of the Company's risk management process are to ensure that risks are properly identified and that the capital base is adequate in relation to these risks. The principal financial risks to which the Company is exposed is described below.

#### Financial Risks

Risk management is carried out by the Company's management team under policies approved by the Board of Directors. The Board of Directors also provides regular guidance for overall risk management.

### 14. FINANCIAL INSTRUMENTS AND RISK MANAGEMENT (continued)

#### Credit Risk

Credit risk is the risk of loss associated with a counterparty's inability to fulfill its payment obligations. The Company's credit risk is primarily attributable to cash and cash equivalents, and trade and other receivables. Trade and other receivables consists primarily of harmonized taxes receivable from the Government of Canada. Cash and cash equivalents are held with reputable Canadian chartered banks and money market mutual funds, the balances of which are closely monitored by management. Management believes that the credit risk with respect to financial instruments included in cash and cash equivalents, is minimal.

### 15. RELATED PARTY TRANSACTIONS AND BALANCES

#### a) Key Management Compensation:

Key management personnel include those persons having authority and responsibility for planning, directing and controlling the activities of the Company as a whole. The Company has determined that key management personnel consist of members of the Company's Board of Directors, executive officers and certain consultants.

During the six months ended June 30, 2022 and 2021 the following compensation amounts were incurred in respect of key management personnel:

	June 30, 2022	June 30, 2021
